

Unleash Your Inner Millionaire

Achieve Wealth, Success, and Prosperity by Reprogramming Your Subconscious Mind

by Brent Phillips
Founder, Theta Healing LA, Inc.
www.ThetaHealingLA.com

Be warned: this is NOT just another feel-good Law of Attraction lecture that gets you psyched up and tells you to think positively and say your wealth affirmations. If you're like me, you've been down that road before, and been disappointed with the results.

The truth is that using the Law of Attraction to get real results in your life requires applying the Law of Attraction in a deeper, more subtle way than you have seen before...in particular, you need to harness the power of your subconscious mind.

Typical Law of Attraction books, workshops, DVDs, and audio programs only teach how to harness a small portion of your power – at most 10% or 20%. If you are truly ready to see results in your life now, you need to harness the full 100% power of your mind to *Unleash Your Inner Millionaire*!

Instead, this special audio program is unprecedented in its ability to get 100% of your mind, including both your conscious and subconscious, on board to manifest a life of financial freedom, prosperity and success.

Unleash Your Inner Millionaire combines the most sophisticated, in-depth exploration of the truth about the Law of Attraction with sections that use a revolutionary combination of technologies to actually clear your subconscious mind of critical blocks to wealth, prosperity, and success. You'll go back and forth between presentations of life-altering spiritual and metaphysical principles, and block clearing sections where a revolutionary combination of technologies will actually release your subconscious blocks to wealth, prosperity, and success.

What's In Unleash Your Inner Millionaire?

Unleash Your Inner Millionaire is divided into two sections: lecture and presentation material, and subconscious block clearing programs.

In the lecture and presentation section, you'll learn state of the art secrets, insights, and applications of spiritual principles that go far beyond what you've heard before to make you much more powerful. You finally learn why you haven't yet achieved the life of your dreams, and learn what it takes to become a clear channel so unbounded wealth to flow to you!

This section of *Unleash Your Inner Millionaire* is divided into the following parts:

Short Introduction (for those already familiar with Theta Healing and muscle testing)

Long Introduction (for those who are new to Theta Healing or muscle testing)

Part 1: Success and Failure

Part 2: Be-Do-Have

Part 3: The Equation of Manifesting

Part 4: Manifesting Do's and Dont's

In addition, this is the first prosperity audio program ever to include specially charged healing energy to actual clear the subconscious blocks that are holding you back from success and abundance.

The block clearing programs combine custom-designed sub-audible binaural beats that will put you into a deep theta brainwave with special subconscious block clearing energy infused into the program via the Theta Healing technique by me, Brent Phillips. This combination will actually reprogram your subconscious mind and permanently reset your “subconscious financial thermostat” to a higher level of wealth, success, and prosperity for the rest of your life!

The block clearing programs include:

Program 1: Becoming a Rich Person

Program 2: Releasing Poverty Consciousness

Program 3: Struggle, Sacrifice, and Hard Work

Program 4: The True Nature of Money

Program 5: Common Blocks to Prosperity

As one of the first people to get *Unleash Your Inner Millionaire*, you also get these extra bonus programs for free:

Program 6: Trauma Clearing

Program 7: Guided Manifestation

Program 8: Allergy Clearing

By the time you finish this program, you will find you have transformed both your conscious mind and your subconscious mind, and will be poised to finally see results from using the Law of Attraction.

If you've used other Law of Attraction material, but still aren't living the life of your dreams, it's time for you to *Unleash Your Inner Millionaire*!

How to Use *Unleash Your Inner Millionaire*

There are no special instructions for the lecture and presentation sections of the program. Listen to them at your convenience!

On the other hand, in order to get the maximum benefit out of the block clearing sections, it is important to follow the guidelines below to clear your subconscious blocks:

Guideline #1: Listen to the block clearing sections with headphones

The block clearing programs are encoded with sub-audible binaural beats to gently guide your brain down to a deep theta brainwave. This opens your subconscious mind and allows the healing energies to clear your subconscious blocks to wealth, prosperity, and success.

It is important to listen to these programs with headphones to benefit from the binaural beats. Any sort of headphones will do.

You can plug headphones into your computer, or download the audio files onto your iPod or other portable music player, or burn the files onto a CD and listen to it on your stereo. Just be sure to be using headphones when you listen to the block clearing sections!

Guideline #2: Use Muscle Testing as you listen to the block clearing sections

In order to get the maximum benefit from the block clearing, it is important that you follow along and use muscle testing to identify which blocks you have, and to identify when they have been released. While you will get some benefit from listening to the block clearing programs without it, your results will be much better if you follow along and use muscle testing.

If you are new to muscle testing, there are instructions on how to do self muscle testing during the long introduction section. There is also an introduction to muscle testing on the Theta Healing LA Web site at www.ThetaHealingLA.com, and there is an in-depth discussion of muscle testing in my book *Where Science Meets Spirit: The Formula for Miracles*.

Further, your best resource for learning more about muscle testing is my DVD *Secrets of Muscle Testing*, which includes, a wealth of information on what muscle testing is, how it works, how to troubleshoot muscle testing if you are having trouble, and step-by-step video tutorials on doing four different kinds of muscle testing. (You probably already have both of these; if not, they are available at www.ThetaHealingLA.com.)

Guideline #3: Do not attempt to drive, operate machinery, or do anything that is potentially dangerous or requires concentration.

The binaural beats coded into the block clearing programs will shift you to a deep theta brainwave, which is ideal for clearing subconscious blocks but not safe for driving, operating machinery, or doing anything else that requires your attention, focus, or concentration. Please do not be doing anything other than muscle testing while listening to the block clearing programs!

Guideline #4: Do not try to go through more than one block clearing program per day

Using the block clearing programs will make powerful shifts within you, and it is important to allow your body enough time to integrate these changes. Hence it is not recommended that you listen to more than one block clearing program per day.

You may listen to the *Unleash Your Inner Millionaire* tracks in any order. However, the

recommended sequence is:

1. Lecture & Presentation Part 1: Success and Failure
2. Block Clearing Program 1: Becoming a Rich Person
3. Lecture & Presentation Part 2: Be-Do-Have
4. Block Clearing Program 2: Releasing Poverty Consciousness
5. Lecture & Presentation Part 3: The Equation of Manifesting
6. Block Clearing Program 3: Struggle, Sacrifice, and Hard Work
7. Lecture & Presentation Part 4: Manifesting Do's and Don'ts
8. Block Clearing Program 4: The True Nature of Money
9. Block Clearing Program 5: Common Blocks to Prosperity

The three bonus programs – clearing trauma, the guided manifestation, and allergy clearing – are designed to be used over and over again, as many times as you need.

Lists of All Subconscious Blocks

The following is a comprehensive list of all the limiting beliefs cleared by the block clearing sections in *Unleash Your Inner Millionaire*.

This list is provided to make it as easy as possible for you to follow along and keep track of which blocks are cleared as you listen.

You will notice that most of the beliefs on the list are negative, limiting belief systems that hold back your wealth and prosperity. For example, “rich people are greedy” is a limiting belief system, so if you muscle test it and the result is “YES”, you can clear that block so your muscle test is “NO”.

However, some of the beliefs are positive, and so the muscle test result you want is “YES”. For example, “rich people are healthy” is a positive, supporting belief system, so if you muscle test it and the result is “NO”, you can clear that block so your muscle test is “YES”. For these statements, the word “NO” is appended to the end.

Don't worry if you're confused – it will be obvious when you get into it!
